PROFESSIONAL SUMMARY

Senior Director of Operations | $5M+ P&L Owner | Strategic Procurement & Tech Transformation Lead

A results-driven Strategic Operations Executive with over 11 years of experience in P&L ownership, RFP leadership, and global vendor selection. A primary decision-maker for enterprise-scale technology and infrastructure scaling across Healthcare (MedTech), Enterprise IT, and Industrial Supply Chain sectors. Proven track record of bridging the gap between C-suite strategy and technical execution, with deep expertise in Generative AI (GenAI) deployment, Zero Trust Cybersecurity architecture, and Global Logistics optimization. High-impact advisor for Commercial Due Diligence (CDD) and Voice of the Customer (VoC) initiatives.

CORE COMPETENCIES

- Operational Strategy: P&L Management ($5M+), Strategic Procurement, ROI Validation, Vendor Benchmarking, Commercial Due Diligence (CDD)
- Digital Transformation: Generative AI (GenAI), Agentic AI, RAG Frameworks, LLM Deployment, Copilot for Microsoft 365, Cloud Migration (AWS/Azure/GCP)
- Enterprise IT & Cyber: Zero Trust Security, Cloud Architecture (Snowflake/Databricks), CrowdStrike, Zscaler, Palo Alto Networks, Okta, SentinelOne, SASE
- Healthcare & MedTech: Epic/Cerner Integration, FDA 510(k) Pathways, HIPAA Data Governance, GLP-1 Cold Chain Logistics, Remote Patient Monitoring (RPM)
- Supply Chain & Logistics: 3PL Contract Negotiation (DHL, C.H. Robinson), Warehouse Automation (AMR/AGV), SAP Ariba, Blue Yonder, Tariff Impact Analysis, ESG Compliance

PROFESSIONAL EXPERIENCE

ALLIANCE TECH PROCUREMENT | New York, NY

Executive Director of Operations, Technology Procurement & Global Strategy | Jan 2022 – Present

- P&L & Budget Ownership: Direct oversight of an annual operating budget exceeding $5M, with primary authority over vendor selection, RFP leadership, and high-stakes contract negotiations.
- AI & Digital Transformation: Leading the evaluation and procurement of Generative AI (GenAI) and LLM frameworks, including the deployment of Agentic AI and RAG architectures to optimize enterprise workflows and drive efficiency.

- Cybersecurity Leadership: Serving as the lead decision-maker for the migration from Snowflake to Databricks and overseeing the implementation of Zero Trust security architectures utilizing the CrowdStrike, Zscaler, and Palo Alto Networks stacks.
- Strategic Sourcing: Managing high-value relationships with global 3PL providers like DHL and Expeditors, utilizing SAP Ariba for global supply chain demand planning and tariff impact analysis.

APEX HEALTHCARE SOLUTIONS | Chicago, IL

Director of MedTech Operations & Data Governance | June 2018 – Dec 2021

- Healthcare Integration: Directed the large-scale integration of Epic Systems versus Oracle Health (Cerner), focusing on interoperability and HIPAA-compliant data governance for enhanced patient data security.
- Regulatory & Logistics: Successfully navigated FDA 510(k) pathways for medical device launches and managed the complex cold chain logistics requirements for GLP-1 pharmaceutical distribution.
- Telehealth Expansion: Scaled Remote Patient Monitoring (RPM) and Telepsychiatry platforms, significantly increasing patient outreach efficiency within Value-Based Care (VBC) models.

STERLING INDUSTRIAL LOGISTICS | Houston, TX

Head of Supply Chain & Infrastructure | March 2015 – May 2018

- Automation & Robotics: Spearheaded industrial supply chain transformation with a focus on reshaping manufacturing and the deployment of Warehouse Automation Robotics (AMR/AGV), driving operational efficiency.
- Cloud Infrastructure: Orchestrated the migration of legacy infrastructure to AWS and Azure using Kubernetes (K8s) orchestration and Microservices architecture, improving system resilience.
- Cyber Resilience: Managed the selection and deployment of SentinelOne and Okta for enterprise-wide identity management and ransomware protection.

OMNISOURCE DISTRIBUTION | Atlanta, GA

Senior Operations Manager (Logistics & Procurement) | Aug 2013 – Feb 2015

- ERP Implementation: Functional lead for a global SAP S/4HANA roll-out, managing module integration for Oracle NetSuite, Workday, and ServiceNow, ensuring seamless data flow across the organization.
- Vendor Benchmarking: Conducted quarterly competitive benchmarking for key SaaS vendors, including Salesforce Lightning and HubSpot, to optimize ROI and ensure best-in-class software investments.

BEACON TECHNOLOGY PARTNERS | San Francisco, CA

Operations Lead (Technology & Data Analytics) | July 2012 – July 2013

- Business Intelligence: Developed automated reporting dashboards using Tableau and Power BI to track real-time P&L performance and supply chain KPIs, enabling data-driven decision-making.
- Process Automation: Implemented Robotic Process Automation (RPA) using UiPath, automating manual data entry for procurement workflows and reducing processing time.

EDUCATION

- Massachusetts Institute of Technology (MIT) | Professional Certificate: Digital Transformation & AI Strategy (March 2023 – Aug 2023)
- Harvard Business School | Executive Education: Strategy & Operational Excellence (June 2021 – Dec 2021)
- University of Nairobi | Bachelor of Science in Operations & Supply Chain Management (Jan 2015 – Dec 2019) – Graduated with Honors

PROFESSIONAL CERTIFICATIONS

- Certified Supply Chain Professional (CSCP) | Association for Supply Chain Management (ASCM)
- AWS Certified Cloud Practitioner | Amazon Web Services
- HIPAA Privacy & Security Compliance Certification | HBI Healthcare
- Project Management Professional (PMP) | Project Management Institute (PMI)
- GLG Network Member (Compliance Verified 2026) | Gerson Lehrman Group

TECHNICAL STACK SUMMARY

- Enterprise Platforms: SAP S/4HANA, Salesforce Lightning, Oracle NetSuite, Workday, ServiceNow, Microsoft Dynamics 365, HubSpot, SAP Ariba, Blue Yonder
- Data & AI Infrastructure: Snowflake, Databricks, Tableau, Power BI, Alteryx, Splunk, AWS, Azure, Google Cloud (GCP), Kubernetes (K8s), UiPath (RPA)
- Cybersecurity Stack: CrowdStrike, Palo Alto Networks, Okta, Zscaler, Fortinet, SentinelOne, SASE, Zero Trust Architecture

LANGUAGES & INTERESTS

- Languages: English (Native/Bilingual), Swahili (Native/Bilingual)
- Interests: Impact Investing in Emerging Markets, Generative AI Ethics, Sustainable Supply Chain Design, Global Macroeconomics
